

Protect your face and help decrease your exposure to infectious diseases with **Danterr** supplied **Protective Face Shields**.

The full coverage **Protective Face Shield** is 330x220mm in size to cover the entire face and shield against aerosolised droplet spread. It's transparent, anti-fog and double sided film material means vision isn't compromised, while the thick foam forehead band stops slippage and adds comfort.

The **Protective Face Shield** are CE and FDA certified.

**All shields are individually packed and available in packs of ten, or as a carton of 400.**

Change of mind refunds will not be available.

## Product Specifications

### FEATURES:

- Anti-Fog and Anti-static.
- Latex free, fibreglass free, distortion free.
- Foam headband relieves pressure.
- Light weight, optically clear.
- Remove the outer plastic protective film before using.

### ADVANTAGES:

- Hypoallergenic foam band can absorb sweat and provide enough room for eye glasses or safety goggles.
- Vented foam design for increased air flow and comfort.
- Sonically welded band gives the face shield added strength and reliability.
- Available in both elastic band and adjustable Velcro band.
- Lightweight and comfortable to wear, quick and easy to don.
- Excellent protection against potential contamination from blood pathogens, body fluids, or harmful chemical splash.
- All straps can be sonically welded or secured to the shield with an eyelet for safety.

### WARNINGS:

- Use only against liquids or dust.
- The Shield is not impact resistant.
- Use only against liquids or dust.
