

Key Benefits

- 100% Plant Based
- Does not fade paintwork
- Safe for users, vehicles and the environment
- Contains NO acid, caustic or corrosive ingredients
- Improves efficiency and speed on site
- Eliminates clay / soil hang up in buckets or equipment

Purasolve SE can be applied manually, with a cloth, through sprayers, pressure washers, steam cleaners, auto scrubbers, dip baths or dispensing equipment.

Allow solvent to dwell on the surface before wiping it clean.

For best results ensure the bucket / equipment is clean before applying Purasolve SE. For washdown or clean up use Triple7 Metallic Touch* – (Truck Wash) or Triple7 All Purpose Degreaser* (available on request).
